# SHOWER ENCLOSURE ENHANCEMENTS

Explore an exquisite selection of glass options — Clear, Tinted, Fluted, and Frosted. Each crafted to infuse modern elegance and a refined, personalized touch into your bathroom. Available finish options include: Chrome, Gold, Rose Gold, and Matte Black.

## Clear

Clean and transparent for a bright, open feel.

## Tinted

Subtle shade for style and privacy.

## Frosted

Matte finish for soft light and full privacy.

## Fluted

Textured lines for light diffusion and elegance.

## Colour Options

## Chrome

Timeless and versatile with a sleek, polished shine.

## Gold

Luxurious finish that adds warmth and opulence.

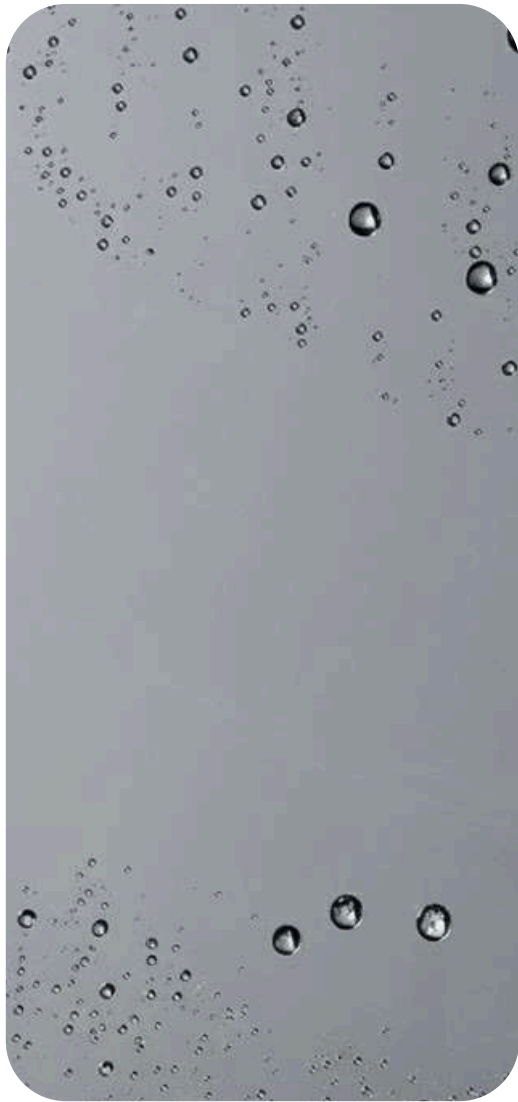

## Rose Gold

Elegant and contemporary with a soft metallic hue.

## Matte Black

Bold, modern finish for a striking contrast.

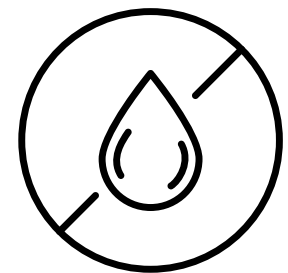

**GLAZORA NANO COAT**

**ORDINARY GLASS**

## **ADVANCED NANOCOAT PROTECTION**

Glazora's Advanced NanoCoat Technology creates a protective layer on the glass surface, preventing water stains, soap residue, and mineral buildup. This hydrophobic coating ensures effortless cleaning, long-lasting clarity, and a sparkling finish with minimal maintenance.

# RAILINGS BY GLAZORA

Material	Clear	As per standard
Material	Tinted	As per standard

# GLAZORA SHOWER ENCLOSURES - WARRANTY TERMS & CONDITIONS

Glazora® Shower Enclosures (“Product”) are warranted to be free from defects in material and workmanship for a period of **7 years** from the date of sale to the original purchaser (“warranty period”). During this period, if (in the opinion of Glazora) the defect is due to faulty material or workmanship, Nexora or its Authorized Service Partner will, at its sole discretion, repair or replace the defective part or component at no cost, subject to the following terms and conditions:

1. Only Glazora or its Authorized Service Partner is permitted to service or repair the Product. Repairs or replacements will be carried out within a reasonable time, as determined by Glazora or its Authorized Service Partner.
2. This warranty is valid only if the original proof of purchase (sales invoice/receipt) is provided with all claims.
3. The warranty does not cover taxes, duties, or local levies applicable to parts replaced or repaired.
4. The warranty automatically expires after the **7-year** period, even if the product has not been installed or used during that time.
5. In case of repairs or part replacements, the warranty will continue only for the remaining duration of the original warranty period. Time taken for service, repair, or transport will not extend the warranty.
6. This warranty applies only if the product has been used as per Glazora's care and installation guidelines and has not been mishandled or modified. Damage from improper handling, poor maintenance, or excessive water impurities will void the warranty.
7. Glazora is not liable for incidental/consequential damages. In no case shall Glazora's liability exceed the product's purchase price.
8. In the event of unavailability of components, Glazora or its service partners will not be responsible for service delays. If the same model or finish is unavailable, an equivalent product or finish may be provided.
9. Glazora reserves the right to retain any replaced parts or components under warranty.
10. This warranty applies exclusively to Glazora Shower Enclosures & Railings sold in India. Any other warranty references are invalid.
11. This warranty does not cover:
  - Damage caused by lightning, fire, flood, accident, negligence, or misuse.
  - Products altered, installed, or repaired by unauthorized individuals or organizations.
12. NanoCoat glass protection enables water to bead on the surface for easier cleaning compared to untreated glass. It is recommended to wipe glass with a soft cloth after every use.
13. Glass breakage is covered for 1 Year under warranty.
14. Glazora reserves the right to revise warranty terms and conditions without prior notice.
15. The use of chemicals, alcohol, or acids on the fittings is strictly prohibited. Any damage caused by such substances will not be covered under warranty.

## CARE AND CLEANING GUIDELINES

- Do not use harsh or commercial cleaners on the glass surface, as they may contain acids that degrade NanoCoat performance.
  - Clean glass using mild soap solution and water, wiping with a soft cloth.
  - Avoid abrasive materials such as brushes or scouring pads.
  - Clean metal hardware once a week using water and a soft cloth. Avoid cleaners with chloride; if used, rinse immediately to prevent corrosion.
  - Do not apply oil or grease to hinges, pivots, or sliding rails.
- Note: Failure to follow these cleaning and care instructions may void Nexora's warranty obligations.
